

## **Sanghi Industries Ltd. wins the prestigious Greentech Environment Excellence Gold Award - 2008 in Cement Sector**

Sanghi Industries Limited (SIL), Cement Manufacturing Company based at Kutch in Gujarat State has been honoured with the prestigious **“Greentech Environment Excellence Gold Award 2008 in Cement Sector”** for its outstanding performance in Environment Management. The honour is yet another glowing testimony of SIL’s excellent performance in the field of Environment in the Cement Industry.

The coveted award instituted by the Greentech Foundation, New Delhi was given away by Hon’ble Shri S. V. Naik, M.P. Goa & Former Minister of State Ministry of Civil Aviation at a ceremony widely participated by most of the prominent Corporate Houses of India on 5<sup>th</sup> September 2008 at Goa. The award was won amidst a tough fight with almost 20 cement companies bidding to get this popular award.

Greentech Foundation based at New Delhi is a non-profit organization committed in promoting education, training, research and dissemination of knowledge, advancing the scientific, technical and practical aspects of safety at work place, environment protection and climate change.

9<sup>th</sup> Greentech Excellence Award is presented to the companies / units which has demonstrated the highest level of commitment to the Environmental Management in different sectors. The award served as catalyst to understand the intrinsic value of environmental management in business excellence and sustainability. The award aims to provide exemplary environmental operations systems and the evidence of their impact to business vitality.

Sanghi Industries Limited has an impeccable track record on its Environment & Safety front since its inception. The company has been receiving First Prize for best Mining Operations since last 4 consecutive years from the Indian Bureau of Mines and Directorate General of Mines & Safety, both Government of India Organization.

The company is continuously focusing to achieve best performance in each area of Cement Manufacturing including green belt development and environment. The efforts on the environment front are visible in the lush park and gardens it has been able to develop employing very eminent Scientist to work on the subject. The barren land of yester years has been converted in green lush trees & parks by the true efforts & commitment of the management & its team members.

The company has received **Environment Excellence Gold Award 2008** in cement sector is another feather on the cap of the Sanghi Industries Ltd.
