**ANNEXURE TO NOTICE
EXPLANATORY STATEMENT**

(PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013)

In terms of the provisions of Section 102 of the Companies Act, 2013 ("the Act"), Secretarial Standard on General Meetings ("SS-2") and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the following statement sets out the material facts relating to Agenda items as set out in this Notice.

Item Nos. 1 and 2

The provisions of the SEBI Listing Regulations mandate prior approval of shareholders of a listed entity by means of an ordinary resolution for all Material Related Party Transactions ('RPTs'), even if such transactions are in the ordinary course of business of the concerned Company and at an arm's length basis. Effective from April 1, 2022, a transaction with a related party shall be considered as material if the transaction(s) to be entered into, either individually or taken together with previous transactions during a financial year, exceed(s) ₹ 1,000 crore, or 10% of the annual consolidated turnover as per the last audited financial statements of the listed entity, whichever is lower.

The Company has entered / proposed to enter into certain related party transaction(s) with Ambuja Cements Limited and ACC Limited as mentioned below, on mutually agreed terms and conditions, and the aggregate of such transaction(s), are expected to cross the applicable materiality thresholds as mentioned above. Accordingly, as per the SEBI Listing Regulations, prior approval of the Members is required to be obtained for all such arrangements / transactions proposed to be undertaken by the Company.

The Audit Committee consisting of Independent Directors have, on the basis of relevant details provided by the management, as required by the law, reviewed and approved the said transaction(s), while noting that transactions shall be on Arms' length basis and in the ordinary course of business.

Rationale of the Transactions:

Ambuja Cements Limited (ACL) and ACC Limited (ACC) are engaged principally in the business of manufacturing, selling and dealing in all kinds of cement, clinker and allied products. The Company has entered into transaction with ACL and ACC for purchase / sale of Cement, clinker, raw materials and allied products and rendering / procuring various services during Financial Year 2023-24 (From 7th December 2023 to 31st March

2024) and Financial Year 2024-25 as per the approval of members of the Company accorded in their Extra-ordinary General Meeting held on 8th February 2024.

Considering the following benefits derived from entering into above transaction, It is proposed to continue with the said transactions with ACL and ACC during Financial Year 2025-26 also:

- Achieving synergies and economies of scale including optimum capacity utilization
- Save operational and administrative cost by avoiding duplication of back end and common operations
- Strengthening the sustainability of the business including environmental sustainability
- Conservation of natural resources
- Optimization of cost to serve the market
- Higher ESG Standards

Sale / Purchase of Cement, Clinker, Raw Materials, Spare parts and Availing / Rendering of related Services:

Optimum Utilization of Plant Installed Capacity:

The Company has an installed capacity of 6.60 MTPA for Clinker and 6.10 MTPA for Cement. For various reasons, including financial constraints, the Company was operating below 25% utilization of its installed capacity till it was acquired by ACL in December 2023. Post acquisition by ACL, the Company has entered into Master Supply Agreement and Master Service Agreement (both the agreements collectively referred as "MSAs") with ACL and ACC for the purpose of Sale of Cement, Clinker and allied products. MSAs covered purchase/sale of raw materials and spare parts apart from availing / rendering of services. Under the MSAs, ACL and ACC purchase in bulk Clinker and Cement produced by the Company, which is then sold under AMBUJA/ACC Brand. With this arrangement, the Company has been able to improve its capacity utilization, however due to major Repair & Maintenance, shut down after acquisition, the Company was able to utilize its capacity around 34%, during the nine months ended 31st December 2024 and turned EBITDA positive and improved its operating cashflow. Such an arrangement has saved the Company from financial constraints and is therefore in the larger interest of all the stakeholders i.e. Creditors, Governments, Shareholders, Employees etc. of the Company.

Advance Payment for manufacturing of Clinker and Cement

As per the MSAs, the Company is receiving advance payment along with the purchase order which is used for the working capital and smooth operations of the Company. Thus, the Company does not foresee any financial constraint in future.

Positive Impact on Earnings before Interest Depreciation and Tax (EBIDTA):

Consequent to this arrangement, the EBITDA of the Company has improved to 9% during nine months ended 31st December 2024 compared to negative (25%) for the corresponding period of the previous year.

Overall impact of transactions on the Company's financials

The proposed RPTs with ACL and ACC will have positive impact on the liquidity of the Company. With this arrangement for bulk purchase of Clinker, Cement and allied products of the Company, the Company will not be prone to the liquidity crunch and will also have the ability to meet its overheads and other working capital requirements. The Company will be able to run the business operations smoothly which will be beneficial for all the stakeholders of the Company.

Item No. 3

The provisions of the SEBI Listing Regulations mandate prior approval of shareholders of a listed entity by means of an ordinary resolution for all Material Related Party Transactions (**RPTs'**), even if such transactions are in the ordinary course, of business of the concerned Company and at an arm's length basis.

Effective from April 1, 2022, a transaction with a related party shall be considered as material if the transaction(s) to be entered into, either individually or taken together with previous transactions during a financial year, exceed(s) ₹ 1,000 crore, or 10% of the annual consolidated turnover as per the last audited financial statements of the listed entity, whichever is lower.

The Company has entered / proposed to enter into certain related party transaction(s) with Adani Enterprises Limited (AEL) and its Subsidiaries as mentioned below, on mutually agreed terms and conditions, and the aggregate of such transaction(s), are expected to cross the applicable materiality thresholds as mentioned above. Accordingly, as per the SEBI Listing Regulations, prior approval of the Members is required to be obtained for all such arrangements / transactions proposed to be undertaken by the Company.

The Audit Committee (consisting of Independent Directors only) have, on the basis of relevant details provided by the management, as required by the law, reviewed and approved the said transaction(s), while noting that transactions shall be on Arms' length basis and in the ordinary course of business.

Rationale of the Transaction:

Purchase of solid fuels, fly ash etc and availing of shared services:

Adani Enterprises Limited (AEL) is recognized as India's largest listed business incubator, with a focus on four core sectors, energy and utility, transportation and logistics, consumer goods, and primary industry. Till the acquisition of SIL by ACL, the Company was acquiring solid fuels (primary raw material - Coal) which is used as fuel for the purpose of manufacturing of Clinker, Cement and allied products from third party(ies) wherein SIL was facing operational complexity w.r.t. terms of delivery, opening letter of credits including delayed supply of coal and more importantly, quality issues.

Considering the above difficulties, AEL, an Adani Group entity and one of the largest traders of coal, agreed to supply superior and consistent quality of coal with efficient and improved logistics at an arms' length price. The consistent supply of superior quality solid fuels by AEL to SIL is in the overall interest of all the stakeholders of the Company as a whole. Further, availability of fly ash near to the plants would saving logistic cost and thus it would be prudent to purchase fly ash from AEL, at the market price prevailing at the time of each transaction.

AEL, being a flagship entity and incubator of Adani Group, procures, manages and provides various Admin, Finance, HR, IT and other consultancy services centrally to various entities of Adani Group on need basis. Charges for providing these services are recovered on a cost basis. Apart from this, under its trading business, AEL provides end-to-end logistics services, power transmission and related services and receives charges. Hence, the Company is availing such services from AEL for administrative convenience, cost effective manners and robust financial control.

Considering the above benefits, the Company would like to continue to purchase solid fuels, fly ash etc. and availing of shared services from AEL during FY 2025-26.
